

THE KirmussAudio STORE

ABOUT THE KA-RC-1: JULY 2019 STEREOPHILE: Michael Fremer: At \$970.00, "The KA-RC-1 is ENTHUSIASTICALLY RECOMMENDED!" "Best of all when I played it (after Kirmuss Cleaning and Restoration), Tommy, Limited Edition #16137) top end fully restored, backgrounds were super quiet, transients were sharpened, and the inner details particularly the microdynamic shifts in Peter Townsend's rhythm guitar strums produced almost a new listening experience. That's not hype." ***Not just cleans, restores as advertised.***
